

# Environmental Policy

“Helping to create a better world through Eco-friendly Solutions”

## Our Philosophy to Go Green

- Sustainable Procurement
- Sustainable Design
- Go Green on Energy
- Pollution Reduction
- Conservation of Resources
- Sustainability Awareness

We at IMS Electric are responsible to access and incorporate the potential impact on the environment in product and process planning at the earliest possible stage. All over employee are responsible to act in an environmentally conscious manner. It is the constant duty of management to increase and encourage awareness of responsibility at all levels.

## Environmental Policy of IMS Electric

1. Provision of effective environment management system arising from work activities so far as is reasonably practicable In line with ISO 14001.
2. We shall contribute to the society by handling transportation; manufacturing - equipment-related products, as well as developing technologies, in taking environment into consideration.
3. Net-shape manufacturing activities, IMS shall work on resources saving, waste reduction, and energy saving by contriving a manufacturing method, and eliminating thoroughly “the wasteful” in processes.
4. We shall comply with environment-related legal laws and regulations, as well comply with SEPA & submit our environment results as per SMART rules as per Environment Management Plan.
5. We shall endeavor to prevent contamination in order not to affect the environment by outflow, not only in routine work, but also in irregular work and an emergency such as accidents.
6. We shall promote continuous improvement, by setting environment goals and objectives, conducting audits for the achievement state of them, and reviewing them regularly.
7. We shall enhance the environmental related trainings for employees, to seek & raise awareness for environmental preservation and protection.
8. We will promote to reuse, recycle & reduce all types of wastes in manufacturing.
9. We will save energy by using alternate methods of energy.
10. We shall disclose this “Environmental Policy” to the public, for awareness to the local community.
